

MICR 334

2021	Person	Date
1. Evolution of immune response	Alex	2 March
2. Cells of the immune system	Alex	5 March
3. Recognition of infection	Alex	9 March
4. Introduction to the MHC	Alex	12 March
5. MHC in human populations	Alex	16 March
6. Antigen recognition by T cells	Alex	19 March
7. Antigen recognition by B cells	Alex	23 March
8. T cells in Health and Disease	Megan / Ros	26 March
9. Lab Skills	Megan / Ros	30 March
10. TCR signaling	Ros	13 April
11. Costimulation signaling	Ros	16 April
12. Cytokine signaling	Ros	20 April
13. T cell subsets (incl Tregs)	Ros	23 April
14. T cell plasticity	Ros	27 April
15. T cell metabolism	Ros	30 April
16. Case study - cancer	Ros	4 May
17. B cells	Jo	7 May
18. Molecular control of B cell functions	Jo	11 May
19. Memory I	Jo	14 May
20. Memory II	Jo	18 May
21. Vaccines I	Jo	21 May
22. Vaccines II	Jo	28 May
23. Ageing	Jo	1 June
24. Revision	Jo Ros Megan Alex	4 June
